## 2. Parks: Damaged railroad cars.

(operational railroad cars.)

| Date in November | Number of Cars | Date in November | Number of Cars |
|------------------|----------------|------------------|----------------|
| 3                | 10,703         | 3                | 95,851         |
| 4                | 10,109         | 4                | 96,471         |
| 5                | 10,004         | 5                | 96,721         |
| 6                | 9,983          | 6                | 96,728         |
| 7                | 9,595          | 7                | 96,127         |

25X1

[ ] Comment. As compared with the last reported status of 2 November 1952, coal stocks increased by 1,296 tons to a total of 204,945 tons. However, hard coal stocks decreased by 831 tons. According to the present daily coal consumption quota of 19,300 tons, coal stocks available on 7 November corresponded to about 10.6 days' requirements. [ ]

25X1

[ ] The backlog of undispatched cars and the park of operational cars remained about constant, and the number of damaged cars decreased slightly.
